PART 2. PRODUCTION CAPABILITIES

01. OEM: HARD CANDY PRODUCTS

Vitamin Candy Series (5 Types)

Promotional soft candy for HiteJinro featuring five molded shapes: Kelly, Terra, Chamisul Green, Jinro Pink, and Jinro Blue. Contains 100 mg of Vitamin C (ascorbic acid) per piece with a sweet, vitamin-drink flavor and a soft texture safe for extended chewing.

Pororo Magic Ring Candy

Sweet ring-shaped candy featuring 5 Pororo character designs (Pororo, Eddy, Crong, Loopy, and Poby) in 4 flavors. Individually wrapped for convenient consumption and produced with Dai Food's proprietary process for a soft texture safe for extended chewing.

Secret Juju LED Stick Candy

Interactive candy with a built-in LED light, designed for children's novelty confectionery. Made with natural colorants and Dai Food's proprietary process for a soft, safe texture, and individually wrapped for convenient consumption.

BFF Coated Crunch Candy

Classic coated candy featuring sweet and tangy strawberry and grape flavors. Produced with automated packaging for clean sealing and consistent quality, and available through CU convenience stores.

Hanmihwa Stick Candy Series (4 Types)

Popular soft candy exported to China, available in 7 colors and shapes such as lips, stars, hearts, and butterflies. Transparent candy in flavors including strawberry, peach, blueberry, cherry, grape, and melon, packaged with aluminum foil and silica gel to prevent melting during distribution.

Hanmihwa Jewel Candy Series (4 Types)

Gem-shaped ring candy and a top export product to China, available in strawberry, melon, peach, and green grape flavors. Packaged with aluminum foil and silica gel to prevent melting during distribution.

Dalgona Crunch

Light, crunchy dalgona-style confectionery with a soft bite, suitable for all ages. Can be added to milk or coffee for an instant dalgona drink, or used as a sweet topping for beverages and desserts.

PART 2. PRODUCTION CAPABILITIES

02. OEM: XYLITOL PRODUCTS

Pinkfong Baby Shark Xylitol 100

Made with 100% Finnish xylitol, this zero-sugar, sugar-free candy is ideal as a children's snack. Produced using Dai Food's proprietary process to ensure clean and safe quality.

Baby Shark Flip Candy

Made with 100% Finnish xylitol, this zero-sugar, sugar-free candy is a fun snack for children. Includes 8 cute Baby Shark family characters and is produced using Dai Food's proprietary process for clean and safe quality.

Caspi Xylitol Candy Series (5 Types)

Made with 100% Finnish xylitol, this zero-sugar, sugar-free candy is ideal as a snack for children. Produced using Dai Food's proprietary process to ensure clean and safe quality.

Pinkfong Baby Shark Bath Play Xylitol

Made with 100% Finnish xylitol, this zero-sugar, sugar-free candy is individually packed in 5 g portions and distributed together with a bath play toy set. Produced using Dai Food's proprietary process to ensure clean and safe quality, making it a suitable snack for children.

HelloTeeth Xylitol Candy (4 Types)

Made with 100% Finnish xylitol and flavored with natural ingredients. Available in Pure, Peach, Green Grape, and Lemon flavors, offering a lightly aromatic sugar-free candy. Produced using Dai Food's proprietary process for clean and safe quality.

PART 2. PRODUCTION CAPABILITIES

03. OEM: GUMMY PRODUCTS

Vegan Jelly

Flavors: Mango, Shine Muscat
Made with 100% plant-based ingredients.

Coated Candy Jelly (Gem)

Jelly topped with a crunchy candy coating for a layered texture.

Frozen Zero Jelly

Zero Sugar, Zero Calories
Designed to be enjoyed frozen for a refreshing treat.

Aerated Jelly

Flavors: Strawberry, Soda
Soft and chewy jelly made using an aeration process, creating a light texture similar to marshmallow. 4 g bite-size pieces that melt gently in the mouth.

Deposited Crunchy Jelly

Flavors: Strawberry, Tangerine, Watermelon
Crispy outside, soft and juicy inside.

Container Jelly

Flavors: Honey, Cider, Strawberry, Mango, Shine Muscat
Chewy jelly made with natural honey and fruit concentrates, popular as a viral ASMR-style honey jelly.

PART 2. PRODUCTION CAPABILITIES

03. OEM: GUMMY PRODUCTS

Gummy Jelly

Chewy fruit-flavored gummy candy with a soft, elastic texture.

Single Pack Jelly

Grape-flavored chewy jelly containing prebiotic fructooligosaccharides (280 mg per serving), individually wrapped for hygienic and convenient consumption, especially suitable for children.

Mala Jelly (Hot & Spicy)

Unique jelly with a tingling mala spice flavor, offering a bold and exciting taste experience.

Rich Cheese Jelly

Aerated jelly made with Dutch cheese powder, delivering a rich and creamy flavor. Pairs well with wine, offering a unique sweet–savory combination.

Crocodile Jelly

Fun crocodile-shaped chewy gummy candy popular with children and novelty candy markets.

Chocolate Covered Jelly

Soft aerated jelly coated with chocolate, combining a fluffy texture with a rich chocolate layer.

Functional Hangover Relief Jelly

Functional jelly formulated with curcumin (turmeric extract), milk thistle, and Hovenia dulcis extract. Each 3 g semi-spherical jelly is individually packaged and designed for convenient consumption.

PART 2. PRODUCTION CAPABILITIES

04. DAIFOOD BRANDED PRODUCTS: DAIBON

Dai Food's **in-house branded products** showcase our confectionery expertise, combining traditional manufacturing techniques with **innovative candy designs.**

Classic Dalgona Stick

Traditional dalgona candy made using Dai Food's three-generation direct-heat manufacturing method. A nostalgic flavor with a smooth texture gentle on the tongue, available through Daiso and online retailers.

Crystal Long Stick Candy

Colorful crystal stick candy suitable for bouquet candy, promotional gifts, corporate events, and snacks. Made with Dai Food's proprietary method for a smooth texture that does not irritate the tongue.

Together Dalgona Topping

A variation of our traditional dalgona made with the same three-generation direct-heat process. Ideal as a sweet topping for coffee, milk, ice cream, and desserts.

Ring Candy

Bright ring-shaped candy worn on the finger, a playful and colorful treat popular with children.

Xylitol Candy

Produced by Korea's first xylitol candy factory, made with 100% Finnish xylitol under HACCP standards. Crystal-shaped pieces (4–10 mm) commonly used for children's dental health education.

Crocodile Jelly

Chewy crocodile-shaped jelly with detailed texture and expression, individually packaged and sealed. A 3D-style novelty candy consistently exported to China.

05. FREQUENTLY ASKED QUESTIONS (FAQ)

Q What are your business hours?

Our office and production facility operate Monday to Friday from 08:30 to 19:00 and Saturday from 08:30 to 17:00.

Q How are MOQ and product pricing determined?

Minimum order quantity (MOQ) and pricing depend on the product type, flavor, shape, and packaging specifications. As a specialized B2B confectionery manufacturer, we support sample development and customized packaging solutions based on your requirements.
Please contact us for detailed consultation.

Q How can 20ft or 40ft container trucks access the factory?

Container trucks can enter the facility by turning right at the Dai Food signboard and following the designated container entrance route.

Q What is the fastest way to reach the factory from Seoul?

The fastest route is via Choji Bridge, with an estimated travel time of approximately 1 hour 30 minutes from Seoul. During weekends and public holidays, traffic in Ganghwa may increase, so morning departure is recommended.
