BRAND STORY

FIT YOU WELL, FIT YOUR LIFE

"FIT YOU WELL, FIT YOUR LIFE"

It is the philosophy of Chorong, a brand that has been loved for a long time for making good glasses at a reasonable price.

Chorong is a brand created by 3D printing technology of a small and medium-sized company that moved into a state-designated one-person start-up support center. Chorong chooses materials and designs that have excellent functions. After years of sample production and trial and error, we invested generously in technology development.

It has launched its brand for B2B Market opticians worldwide, and it will be a solid start

to competing with famous overseas brands through aggressive advertising marketing.

You can order glasses online if you want to buy from KwangHeung, an eyewear brand that sells Korean sunglasses and Korean glasses.

You can order glasses online, so please pay much attention.
